PRESS RELEASE
Launch of Zimbabwe Stock Exchange Limited (ZSE) Training Institute

The Zimbabwe Stock Exchange Limited (“ZSE”) is pleased to inform stakeholders on the launch of the ZSE Training Institute. The Training Institute was officially launched today (26 February 2020), by the Chairperson of the Association of Listed Companies, Mr Canaan Dube. The mandate of the ZSE Training Institute is to deliver specialised training to stakeholders on various capital markets subjects which include ZSE listing requirements, ZSE products and services, how companies can list and preserve value for investors and the general process of investing on the stock exchange. The training institute has been designed with the different needs of capital market players in mind. As the ZSE, we have developed a multi-pronged delivery strategy encompassing online channels, customised training and seminars.

The Launch of the ZSE Training Institute was accompanied by the unveiling of the online training portal. The Training Institute portal <http://www.zsetraining.co.zw> is a user friendly, online educational platform that was designed to promote financial education in our capital markets. The portal includes features such as online bookings, online courses and investment resources. The ZSE educational portal comes with free courses on the general aspects of the capital markets. Stakeholders can also make use of the portal to make online bookings for upcoming events and training courses. The ZSE hopes that the training courses offered will aid in investor education and promote financial inclusion.
